Part of Customized Cases

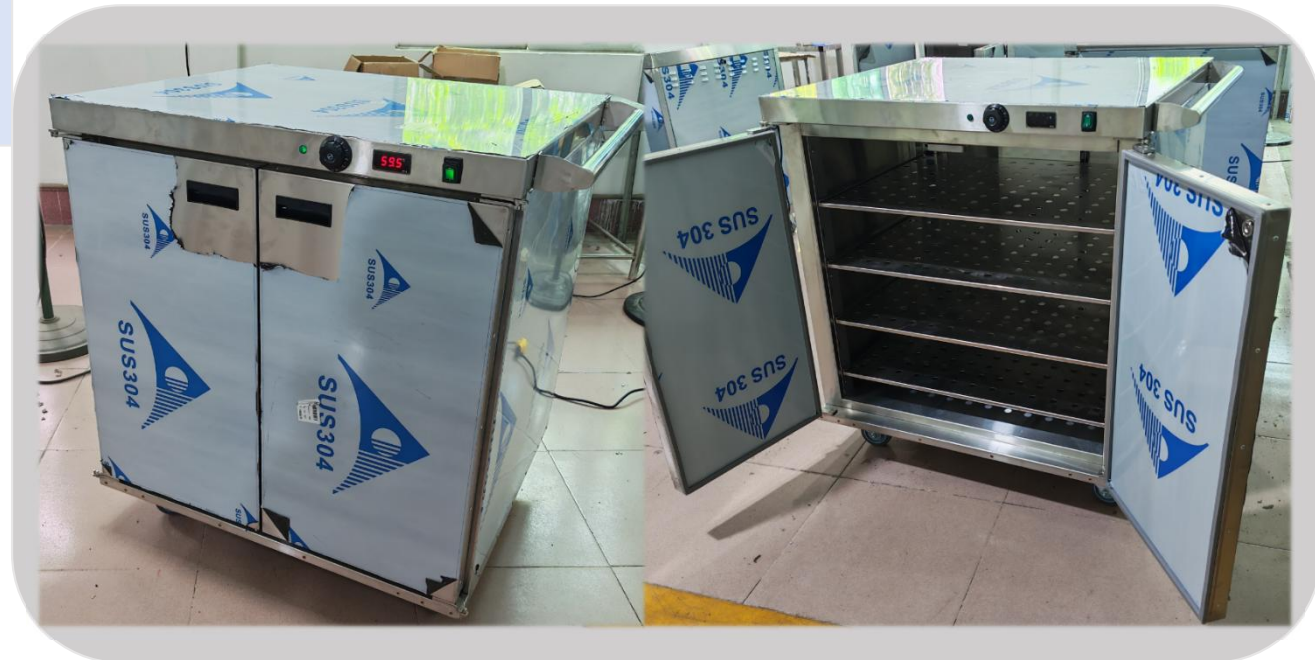

Meal Delivery Cart (American customer)

Material: SS304;
Dimensions: 22.7"(W)x 33.8"(D)x67"(H)
to secure compatibility with the 3 sizes of
trays;
Caster size: 6";
Tray capacity: 20 trays. with 10 shelves
compatible with 3 sizes of trays(15"x20",
14"x18", 12"x19");
Tray spacing: 5"

Mechanical Double-Door 4-Layer Food Warmer Cart(American customer)

Material: SS304;
Temperature range: +30°C ~ +85°C (86°F~185°F);
With a circulation fan for even heat distribution;
Product Dimensions: 41.3"(W)x35.2"((D)x41.5" mm;
Grid Dimensions: 790*590 mm;
Power: 1.26kW;
Voltage: 110V/60Hz

Part of Customized Cases

Meal Delivery Cart (American customer)

1. Material: SS304, single walled without insulation;
2. Material thickness: top & sides: 1.5mm; tray shelves: 2.0mm;
3. Exterior dimensions: 1380*890*1250 mm;
4. Tray capacity: 14 shelves distributed to 2 stacks to hold a total of 28 trays

Production Facilities

Laser cutting process

A laser cutter precisely cuts stainless steel material sheets into required dimensions. Automation secures both high efficiency and stable quality at Meilern.

Production Facilities

Bending process

Through bending, tainless steel material is formed into the features or contours specified in the product design.

Meilern has automatic and manual facilities to meet various demands.

Production Facilities

Manual welding process

Manual welding is necessary to process components with complicated features.
Meilern's welding operators are well trained with proficient skills and strong sense of quality

Production Facilities

Robotic welding process

Meilern adopt automatic welding robots to make the process with high productivity and consistent quality

Production Facilities

Manual assembly

Meilern workers conduct assembly following standardized procedures, to ensure high efficiency and high quality.

Production Facilities

Inspection & Testing

Following assembly, every unit of equipment shall undergo strict inspection and testing ensure 100% compliance with quality standards prior to shipment.

Inspection Equipment & Instrument

Production Facilities

Packaging

Finished goods are properly packed to be protected against damage and labeled with shipping marks in accordance with specific requirements.

Why Choose Meilern

***Quality**

Meilern has well-trained technicians and workers, quality inspectors to manage quality at every process from incoming material to finished equipment, which secure high standard quality of products.

***Leadtime**

Meilern keeps most items in stock to flexibly meet urgent demands from customers.
For items not in stock, lead-time is as short as 7-10 days.

***Price**

Meilern is always committed to saving cost for customers through offering competitive price without high standard quality unchanged.

***Capability**

Meilern is with a strong engineering team to support OEM & ODM demands efficiently.
Besides, we have flexible capacity to cater to various demands thanks to high level of automation

***Service**

Meilern has a specialized team with strong service awareness to cater to customers' demands in a most timely and properly manner.

A large, light blue heart shape with a subtle gradient, centered on the page. Inside the heart, the text "Meilern LOOKS FORWARD TO BECOMING YOUR BUSINESS PARTNER!" is written in a bold, white, sans-serif font.

Meilern
LOOKS FORWARD
TO BECOMING
YOUR BUSINESS
PARTNER!
